

Career Objective

As a committed Full Stack Developer with burgeoning expertise in cutting-edge technologies like Next.js, PostgreSQL, and Prisma, I am eager to utilise my skills to craft dynamic and user-friendly web applications. I am passionate about continuous learning and integrating innovative solutions to improve user experiences. My aim is to contribute effectively to a forward-thinking team, applying my knowledge and creativity to drive impactful projects and further hone my technical competencies.

Skills

Frontend Technologies

- JavaScript
- TypeScript
- Next.js
- React
- Redux
- Tailwind CSS
- Material UI
- Shadcn UI
- Ant Design
- HTML
- CSS

Backend Technologies

- Node.js
- Express.js
- MongoDB
- Mongoose
- PostgreSQL
- Prisma
- Firebase

💛 Non-Technical Skills

- Team Collaboration
- Time Management

Projects

GrenovateHub

Eco-conscious platform promoting sustainable city upgrades.

[Live Link](#) | [GitHub \(Client\)](#) | [GitHub \(Server\)](#)

Technologies: Next.js, PostgreSQL, Prisma

Key features:

- Eco-friendly suggestions engine
- Admin and member dashboards
- Real-time resource and impact analytics

BasaKhoji

Rental property search platform for finding homes easily.

[Live Link](#) | [GitHub \(Client\)](#) | [GitHub \(Server\)](#)

Technologies: React, Node.js, Express.js, MongoDB

Key features:

- Location-based property filtering
- Real-time availability updates
- Secure tenant-landlord messaging system

Swift Parcel

Efficient parcel management system with real-time tracking.

[Live Link](#) | [GitHub \(Client\)](#) | [GitHub \(Server\)](#)

Technologies: JavaScript, React, Express.js, MongoDB, Axios, JWT

Key features:

- Real-time tracking of parcels
- Automated notifications for status updates
- User friendly dashboard for managing deliveries

EDUCATION

Bachelor of Business Administration

National University of Bangladesh

2015–2019

- Major in Accounting (CGPA: 3.02)

Certifications and Courses

Next Level Web Development Course

Programming Hero

28 October 2024–10 May 2025

Complete Web Development Course With Jhankar Mahbub

Programming Hero

30 December 2023–23 June 2024
